

WHITE Food Grade Grease

High Purity • Meets FDA and USDA Requirements

Outstanding Load Carrying Ability and Wide Temperature Range Performance Enabling One Grease to Meet Nearly All Requirements of the Food and Pharmaceutical Industry

- **Excellent Water and Steam Resistance**
 - **Rust and Oxidation Inhibited**
 - **High Load Carrying Ability**
 - **Resistant to Food Acid Attack**
- **Outstanding Temperature Stability to Withstand Both High and Low Temperatures Common to the Food Processing Industry (0°F to 450°F)**
 - **Excellent Adhesion • Resists Throw Off**
- **Complies with FDA Regulations CFR Title 21, Par 178.3570**

Net Wt. 14 OZ. (396 Grams)

Directions *Place This End In Gun First* 

CAUTION:

Do not take internally.

May be harmful if swallowed. For eye contact, flush with plenty of water until irritation subsides. For skin contact, wash with soap and water.

KEEP OUT REACH OF CHILDREN.

On first application, force sufficient grease through the bearing or fitting to flush out all the old grease and contaminants.

For best results, clean out all old grease thoroughly and replace with Food Machinery Grease for maximum protection.
